The names of Northampton Saints players who featured for the Club pre-1895 were originally not known, due to a pub fire in the town that year destroying all records held by the Club up to that point. The above records of Saints players from that era were uncovered in 2024 by a research project undertaken by Tim Jones – a long-time Saints Season Ticket Holder. The above names were awarded Roman Numerals to supplement the existing historical numbers, with no changes being made to that original list.
