Our ambition

INSPIRE

Use our heritage to INSPIRE our work, preserve our past and protect the future.

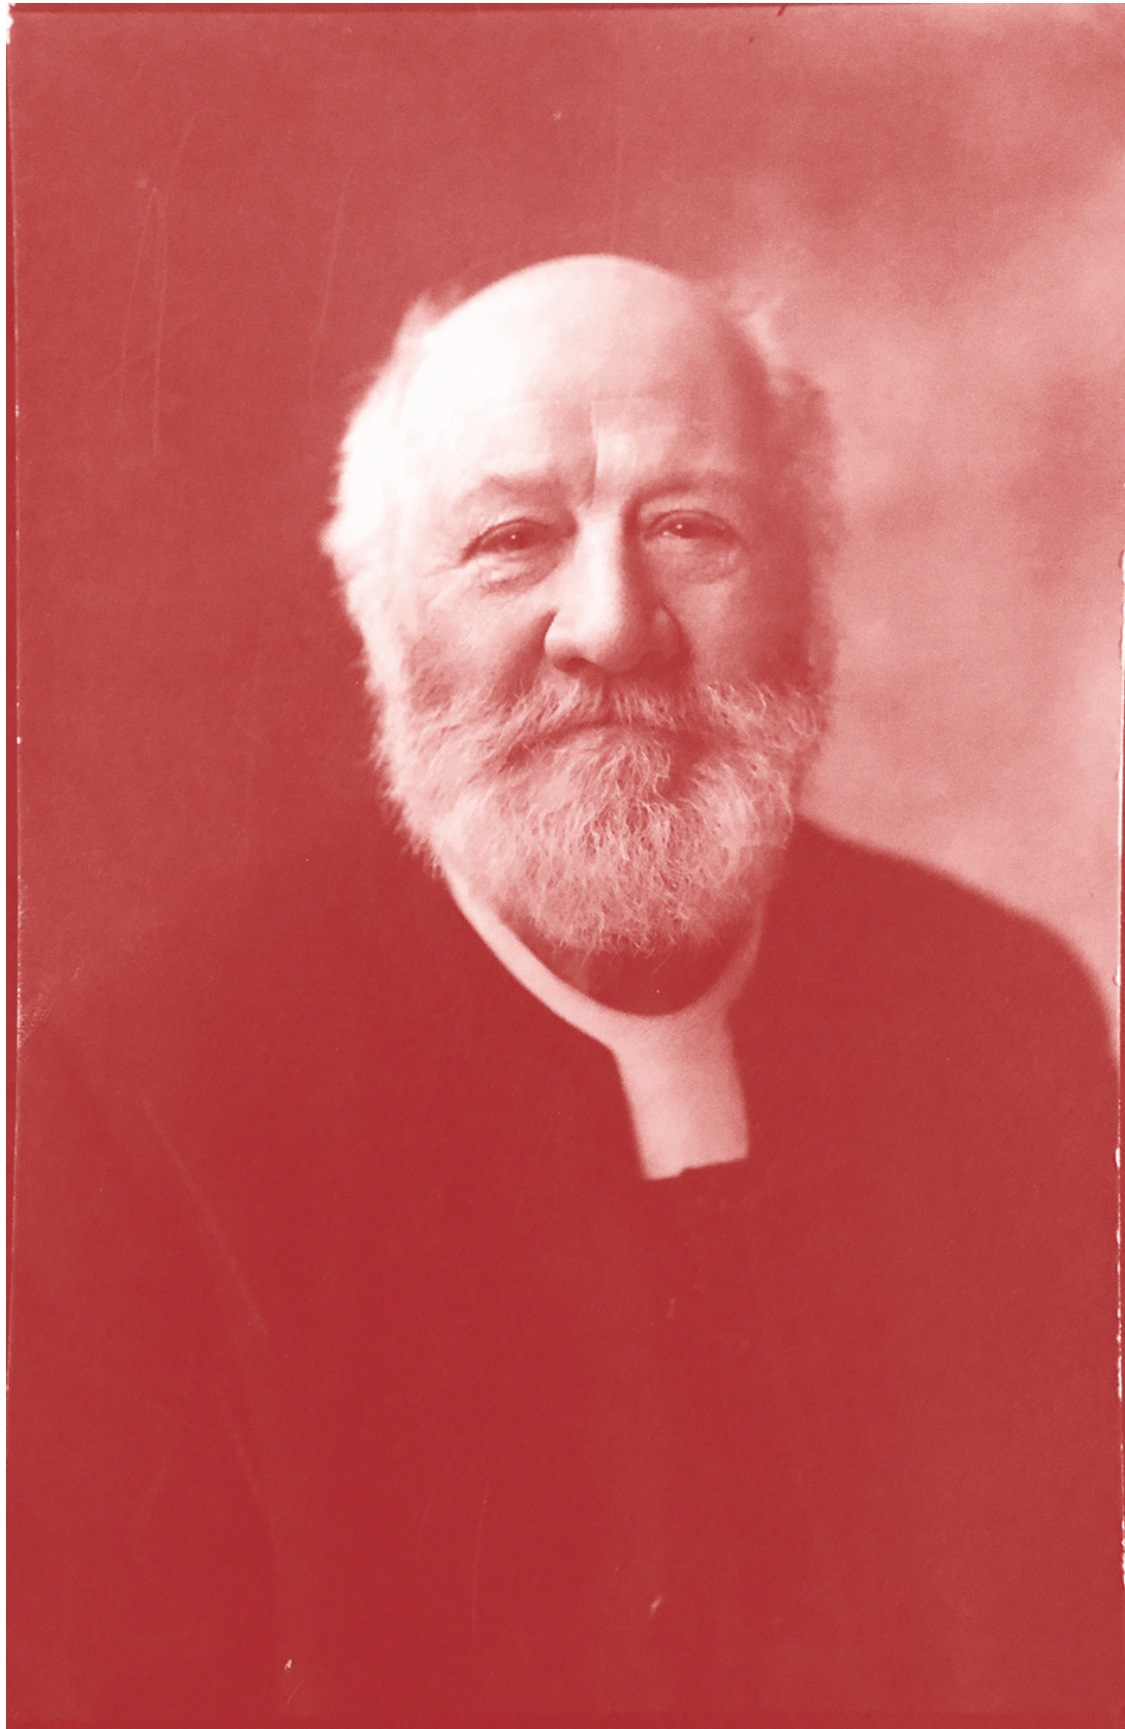

SUPPORT

SUPPORT disengaged, disadvantaged people to find a better future.

EDUCATE

Provide a range EDUCATION programmes to develop social, emotional and academic progress.

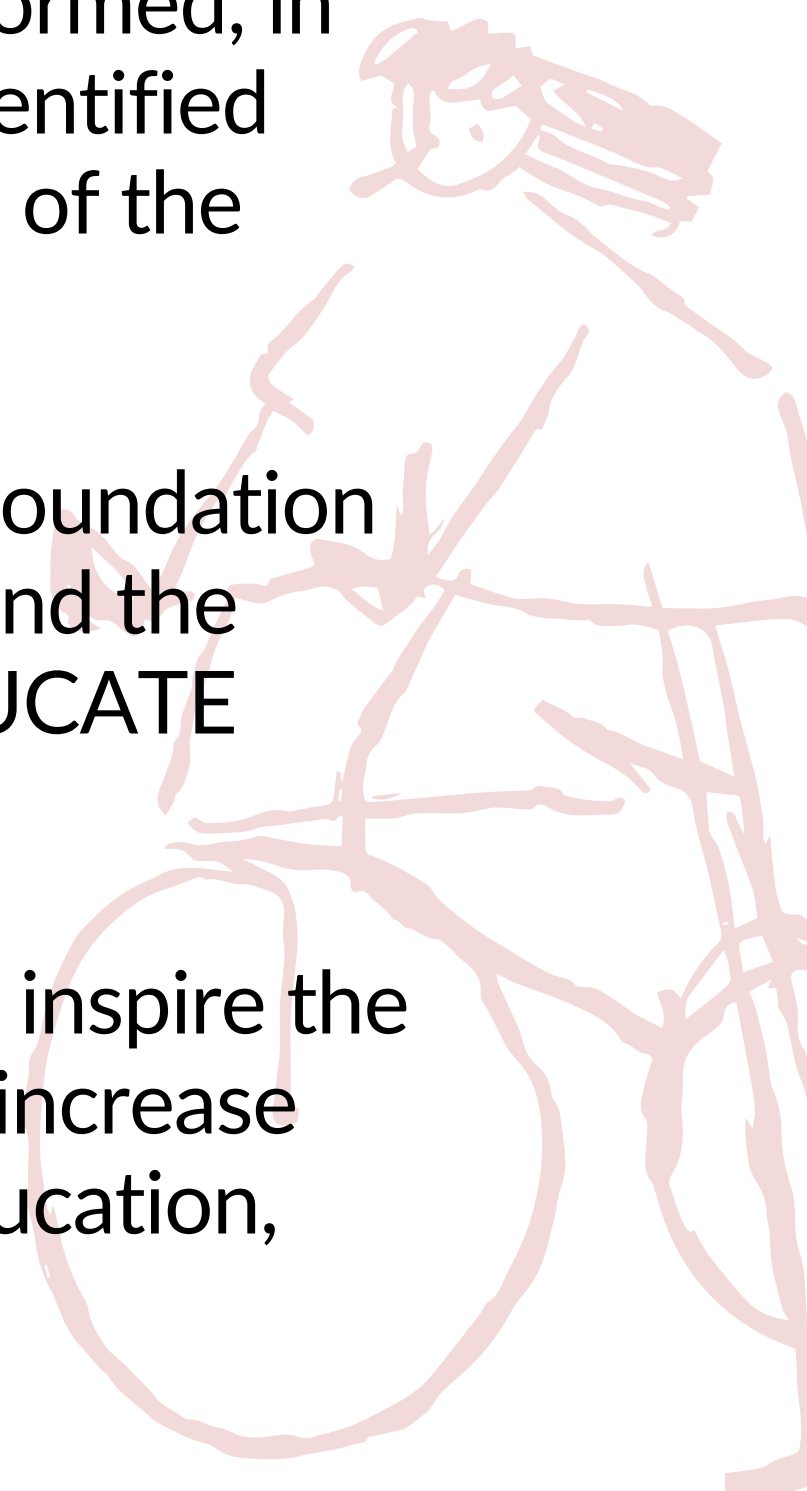

ABOUT US

Northampton Saints Rugby Football Club was formed, in 1880, when Reverend Samuel Wathen Wigg identified rugby as a way to channel the energies of some of the county's more troubled youngsters.

More than 140 years on, Northampton Saints Foundation continues his legacy, using the power of sport and the values of rugby to INSPIRE, SUPPORT and EDUCATE thousands of people each year.

Our education and social inclusion programmes inspire the current generation to learn, develop new skills, increase confidence and where appropriate return to education, training or employment.

Education Programmes

EDUCATION

Each year, Northampton Saints Foundation educates thousands of children in schools and alternative settings.

Our education and intervention programmes use the power of sport and the values of rugby to support the physical, social and emotional development of children, aiming to reduce the risk of exclusion, or disengagement from education.

Furthermore all programmes provide opportunities for cross-curricular learning, linking to PESSPA (Physical Education, School Sport & Physical Activity) and include key indicators from the Sports Premium.

Whether you're looking for a programme to help children to improve motor skills, build character, support their cognitive development or improve social behaviours, our programmes can be tailored to suit your learners needs and incorporate your own school values.

Engage Programme

SOCIAL INCLUSION

Engage works with 10-16 years olds, who are disengaged from mainstream education and in need of additional support to regain control of their academic pathway.

During a maximum of 15 hours per week, young people visit one of our five hubs across Northamptonshire, Milton Keynes, Corby and Ipswich to take part in a wide range of social and emotional development opportunities alongside physical activities to boost self-confidence and self-esteem.

The programme welcomes guest speakers to inspire and encourage positive behaviours through art therapy and cooking and cover important topics on health, relationships and crime.

Taking them away from their school environment allows our mentors to build a trusting and mutually-positive relationship with each young person, helping them to understand and unlock their own issues, so we can give them the tools to be able to change their thinking, and their outcomes.

HITZ, Aspire, Engage+ programmes

16+ EDUCATION

As an Alternative Provision, Northampton Saints Foundation has three 16+ programmes which provides young people with the key skills and qualifications they need to create a positive pathway.

Ideal for young people aged 16-19, who are looking to gain additional accredited qualifications and wanting to discover their next steps in life, the programmes offers young people a range of enrichment, workshops and work experience opportunities from barista training, painting and decorating and hospitality to help improve employability.

Saints Inside programme

SPECIALIST SERVICES

Saints inside programme incorporates both Northampton Saints Foundation and rugby's own core values through classroom and physical activity to reduce reoffending within UK prisons.

At Northampton Saints Foundation we believe education and training in prisons play a key role in improving the mental health and the employability of individuals upon release.

Saints Inside gives learners the opportunity to increase their confidence, become productive and learn new skills to reduce criminality, isolation and help change their lives for the better.

“Northampton Saints
Foundation has really
helped me to develop
my confidence.

Tyrell Wilson

Foundation Student Mentor,
former HITZ student.

Remembering our past

HERITAGE

The Foundation has a dedicated heritage department which researches and documents key moments of Northampton Saints history, ensuring our past is not forgotten.

Funding from grants is vital in order for the Foundation to complete its aims, please get in touch if you are able to help.

Project aims

- Develop engaging and informative content to be used in the education of our young people
- Undertake projects that chronicle the history of Northampton Saints Rugby Football club
- Create interesting and interactive archives through digitization and recording of important material
